

PRESIDENT'S LETTER TO GOWEST GOLD SHAREHOLDERS – June 7, 2022

PREPARING FOR BRADSHAW MINE RESTART

So much has happened over the past twelve months, including building a new management and technical team, initiating a significant financing, and carefully revising the mine plan. This latter work, which is ongoing, has been based on a combination of additional data we've developed and a changed financial environment.

With these facts in mind, I know how anxious our loyal stakeholders are to learn about our progress toward putting our company back on solid financial footing and restarting the Bradshaw mine. Our new management team and Board of Directors are working hard at finalizing the details and timing of these events, and I look forward to being able to provide a more fulsome report on our progress in the very near future.

Please join us:

In the meantime, I would like to take this opportunity to invite you to join us at the **Canadian Mining Expo in Timmins, Ontario, on June 8th and 9th, in Arena 2, Booth 2-09**. Dubbed "The Big Event – 2022", the CME has attracted more than 400 exhibitors this year and I will be making my technical presentation at 10:00 a.m. on Thursday morning.

We'll also be at the **Prospectors & Developers Association of Canada (PDAC), the World's Premier Mineral Exploration & Mining Convention, June 12-14 at the Toronto Convention Centre. Please come by our booth #2840 located in the Investor Exchange** to learn more about the project and meet the team.

I want to thank you for your support and we look forward to a successful restart in the year ahead.

Sincerely,

Dan Gagnon
